

Acme Drinktec Solutions (ADS)

INNOVATION & MATRIX OPTIMIZATION EVEN FOR MOLD CREATION

Over the time, demand for injection & stretchblow moulding machines has skyrocketed. The main reason is the extensive use across various packaging conversion industries such as consumer goods, FMGC and more. With this, the ISBM market size has been estimated to reach \$12.3 billion by 2025 at a CAGR of 3.6 percent. Amid tough competition, a renowned ISBM manufacturer emerged, Acme Drinktec Solutions (ADS), a single-stage ISBM mold manufacturer, used to produce plastics containers PET, PP, PC, TRITAN and more.

ADS produces customized mold for the single-stage ISBM machines such as Aoki, Chum Power, ASB and mainly on the requirement of various combinations such as liquors, spirits, confectionery, edible oil, and soon.

Initial Days of ADS

ADS emerged as a purveyor of Single Stage Mold for PET, PP, PC, and TRITAN Bottles as a startup. Over the time, being a tech-driven enterprise led by technocrats, the firm later built a modern tool room that housed advanced and sophisticated machinery operated by qualified and well-trained professionals. Parallely the firm installed an in-house Mould Testing facility with Machines (50MB, 12M & 70 DPH) to analyse every mould before shipping at the client end. Also, ADS has installed a well-equipped design centre where the latest softwares are used for Product design, Mold design, Mold analysis, HOT Runner balancing, cavitation optimizations and Blow process simulations.

ADS works with a mission to deliver customized, high quality, and cost-effective molds to both Indian and international clients

Historically, the firm has been in the market for over 20 years for 2 stage injection molds. It has set itself apart from its other competitors in the PET mold industry by delivering a high quality of customized and enhanced solutions that

offer superior quality output to its customers. Later the group added its state-of-the-art manufacturing plant located in Delhi for single stage market requirements.

Alongside all the efforts, the whole credit for the organization's speedy success goes to its founder and managing director Sukhbir Singh. Mr Singh's vast expertise of PET, vision and dynamism have led the firm to attain this status. The firm has gained immense popularity amongst its clients for maintaining its quality and keeping the standard of value for money for all its clients, irrespective of domestic or international. ADS expanded sales to overseas and received a warm welcome in the USA, UK, UAE, and South Africa with its persistence.

It is through employees disciplined and quality work the organization taste such success. ADS has clearly understood this and believes in "Together We Can... And We Will." With this motto, bringing values, integrity, motivation, and teamwork, with much-needed customer-centric and sustainability that every organizations dream for. Thus, the firm motivates its staff to embrace these values to keep its growth consistent.

Presently, almost every industry is working hard to sustain with the post-pandemic jitters. Likewise, ADS is also keen to overcome this with various strategies to spread out its production capacity at its existing unit and to build more extensive network of quality suppliers and vendors. ■
